- \* Early Bird discounts up to 25% final fees for MA**
- + Generous bursaries**

*\*Applications must be received by 30th May and are based on completion of the MA*

The course explores the relationship between religions in the context of a plural society and globalised world. It places emphasis on praxis, theory and *your* experience.

An ideal course if you wish to deepen your appreciation of religious diversity and enquiry into the challenges which diversity and inter-religious dialogue brings to religious communities, civic society and public institutions.
