

MSc Conference 2013, Queens Building Q1.10, De Montfort University

Thursday, 19 September

- 
- 12:00 - 13:00 **Lunch** (Room Q0.13)
- 13:00 - 13:10 **Welcome** (Room Q1.10)
Dr Richard Bull, Prof Warren Manning
- 13:10 - 13:30 **Keynote Speech**
Prof Subhes Bhattacharyya - *Sustainable Energy for All and Energy Grads*
- 13:30 - 14:00 **Presentation 1**
Paolo Tosoratti - *Improving the energy efficiency of buildings: Policy options in light of the 'split incentives' dilemma*
- 14:00 - 14:30 **Presentation 2**
Andrea Morgan - *An evaluation of indoor air quality in a Passivhaus Certified care home, built to 2006 Building Regulations*
- 14:30 - 15:00 **Presentation 3**
Brian Elliott - *Show me the money: Investigating the barriers and drivers that influence investor attitudes when making low carbon investment decisions*
- 15:00 - 15:30 **Introduction to CIBSE Membership**
Sarah Walters, CIBSE
- 15:30 - 16:00 **Refreshment Break** (Room Q0.13)
- 16:00 - 16:30 **Presentation 4**
Alison Oliver - *Key Barriers and Drivers to Energy Efficiency Improvements in the Private Rented Sector*
- 16:30 - 17:00 **Presentation 5**
Jane Lumb - *Investigating common causes of excess energy use in non-domestic buildings*
- 17:00 - 17:30 **Presentation 6**
Venkiteswara Bala Subramanian - *Unoccupied lighting*
- 17:30 - 18:00 **Presentation 7**
Harry Symington - *How does the shale gas revolution threaten the future of renewable energies?*
- 18:00 - 18:30 **Introduction to EI Membership**
Richard Halsey - Turley Associates
- 19:00 - 21:30 **Social dinner** (circa £15 per head)
Shanghai Moon, 76-78 High Street, Leicester, LE1 5YP

MSc Conference 2013, Queens Building Q1.10, De Montfort University

Friday, 20 September

9:00	-	9:30	Refreshments (Room Q0.10)
9:30	-	10:00	Presentation 8 Long Wang - <i>Modelling and improving the performance of an existing low carbon house in Leicestershire</i>
10:00	-	10:30	Presentation 9 Peter Rayson - <i>How would market aggregators better optimise the physical & commercial balancing position of GB renewable generators within an EU single market model for electricity?</i>
10:30	-	11:00	Presentation 10 Elizabeth Daniels - <i>An assessment of the energy efficiency measures required for Knightstone Housing Association to meet 2020 carbon targets in its existing housing stock</i>
11:00	-	11:30	Presentation 11 Mathew King - <i>Analysis of time series energy data: a review of current energy analysis techniques</i>
11:30	-	12:00	Presentation 12 Martin Borg - <i>Achieving low carbon buildings in Malta - The role of vocational education and training</i>
12:00	-	13:00	Lunch break (Room Q0.10)
13:00	-	13:30	Presentation 13 Brian Delaney - <i>Broken records - Is record-breaking weather a reliable indicator of a changing climate?</i>
13:30	-	14:00	Presentation 14 Lauryn Biluge Kamola - <i>Community energy involving small-scale renewable electricity generation in United Kingdom: Can the distributed energy be considered as the energy of the future?</i>
14:00	-	14:30	Presentation 15 Guillaume Bally - <i>The role of energy manager and the concerns over climate change and resource scarcity</i>
14:30	-	15:00	Presentation 16 Shekhar Naik - <i>Leicester park volunteers: people's contribution towards the upkeep of the parks in Leicester</i>
15:00	-	15:30	Closing remarks - Prof Mark Lemon
15:30	-	16:00	Refreshments and Close (Room Q0.10)
