

Externally funded research grants information

Project Role	Funder	Council Reference	Project Title	DMU Funding (£k)
Principal Investigator	TSB	TS/J00233X/1	Development of a Metadata-based Animation & Art Production Improvement Tool (MAAPIT)	165
Research Co-Investigator	EPSRC	TS/I000348/1	Reducing road freight empty running (REFER)	287
Named Researcher	TSB	TS/J001155/1	Development of an Autonomous Systems Development Tool (ASDT) for application within manufacturing operations-planning	272
Named Researcher	TSB	TS/G002908/1	Reducing Theatre Production Costs and Lead Times using Advanced Technology	248
Researcher	TSB	DT/E006531/1	Improving customer demand and cost forecasting methods	413
Researcher	TSB	DT/E010504/1	Accelerated Process Excellence using Virtual Discrete Event Simulation	365
Researcher	TSB	TS/G000662/1	Remanufacture of high value products using a combined Laser cladding, Inspection and Machining system (RECLAIM)	90
Researcher	EPSRC	EP/E057020/1	Discrete Event Simulation of Biological Control Processes	101
Principle Investigator	EPSRC/TSB	EP/K503678/1	Development of an innovative Autonomous Model Development Tool (AMDT) for boosting manufacturing process competencies	230K
